

## **DISTRIBUTOR ANNUAL PRODUCT REVIEW & FAIR VALUE ASSESSMENT**

This document comprises the following sections;

- **Executive Summary**
- Section one (**General information**)
- Section two (**Information required from manufacturer**)
- Section three (**Distribution and remuneration information**)
- Section four (**Service information**)

## EXECUTIVE SUMMARY

The product assessment has taken into account:

- The value of the product (including core and any add-ons)
- The impact of the distribution on value (commission, fees, any add-ons, any premium finance)
- The impact of any service on value.

Taking these into account the product is delivering fair value.

We have determined the next steps are to monitor and review products on a regular basis

--

## Fees analysis

Justification of fees against the levels of service provided	CRK Commercial Insurance Services Ltd charge a standard portfolio fee which is to cover the cost of providing a computer platform, underwriting expertise and issuing bespoke documentation.
Any rules or exceptions to fees	Fees may be altered if the product provided represents a significant reduction against average commission income. The amount of any fee charged is always disclosed prior to cover.
If fees are standard irrespective of premium size how have you justified that they are providing value in all cases?	The cost of maintaining a broking platform does not alter significantly from one risk to another.
Are there any fees in lieu of commission?	None

## Retail Premium Finance (If applicable, applies to retail Premium Finance only)

Flat Rate plus providers set up fees	Due to the uncertainty of interest rates, please refer to our Insurance Presentation Summary of Cover (New Business and Renewals) for the current flat rate % applicable to the premium finance option.
Margin	An over-rider is applicable to agreements, currently 2% but is subject to change.

## APR analysis

Do additional costs of retail premium finance have a material determinantal effect on the value of the product with which it is combined?	Premium finance allows the insured to spread the cost instead of paying up front which can significantly help with a company's cash flow which they would take into account.  Does the manufacturer offer premium finance? How does that compare? How do you ensure the customer gets the best product?
Are you satisfied that you can justify the APR in light of the credit risk?	YES – CRK Commercial Insurance Services Ltd believe the rate charged to be in line with the market.
Do you have enough information on premium finance provider's fair value assessment?	YES
